Counting Games: Fold a shape and give it to your opponent. They must correctly count the good holes. If they are correct they keep the number of good holes and take their turn at folding the Purplinker. If incorrect, they don't get any points but can fold for the next opponent. First one to acquire a hundred good holes wins.

Spelling Games: Use the letters shown in this booklet to spell a word. First one to spell the word correctly in the quickest time wins.

correct answer is 11 good holes
